

A Special Message for You 🥹

Hello,

This is something that I've been wanting to share with you for a while now, but sometimes words alone don't seem enough. So, I've decided to express myself in a way that's a little different.

There's a link hidden in this message — a place where I've put my thoughts, feelings, and hopes. If you're curious, all you need to do is scan the QR code below. It will take you to something I've created, just for you.

You can also check your email — I've sent you some details with this message, from (dawidmmi@proton.me) just in case you'd like to read it there as well.

Take your time. Whenever you feel ready, you can visit the link, and if you'd like, you can leave a message there. It's your choice.

Remember, there's no rush. I just wanted you to know how much you mean to me, even if you don't know me yet.

*With all my heart,
Someone who cares.*
